NON- 7s and 8s broken down by category
Created by PAUL PHILLIPS

Paul's notes: This is pretty good but would benefit from some tweaking. Sometimes to make sense of a placement you have to see the OSPD definition - e.g. NONIMAGE is defined as "one having no celebrity status."

Incidentally, a NONBLACK is "one that is not black" whereas a NONWHITE is "a person who is not of the white race." The white race? Why does that sound kind of aryan-brotherhood to me? Luckily, the politically charged NONGREEN is simply "not green".
